13) DEFINITION OF TERMS:

Circa: means around about the date of manufacture.

Style: regarding items such as Third Reich in some cases it is very hard to tell original items from old film copies and re-enactors used items, if we are unable to authenticate items and if we are unsure the word style is used and goods are estimated accordingly. We do stress there is no guarantees or warranties and no refund on any item.

Pattern: is a word used mainly with swords and it is defined as when the model was first made it does determine the age of the sword in auction. Several armies and navies worldwide still use old pattern swords.

Buyers Guide/Estimated Prices: a price guide has been put in place to assist people from interstate and on the floor when bidding and reflects what value these items are believed to be worth. In past auctions some items have been sold under the buyers price guide and some have sold well over the price guide prices. It is designed to be an estimate only.
